

FRANCES SHIMER RECORD

Volume XLII Catalog Number Number 1

*Frances Shimer
College*

1950-1951

MOUNT CARROLL, ILLINOIS

FRANCES SHIMER COLLEGE

A FOUR YEAR JUNIOR COLLEGE
(GRADES XI TO XIV)

NINETY-EIGHTH YEAR
1950-1951

*Member of the North Central Association of
Colleges and Secondary Schools*

*Member of the American Association of Junior Colleges
Member of the Association of Northern Baptist Educational Institutions
Member of the American Council on Education*

The College reserves the right to make changes in curriculum, regulations and fees.

FRANCES SHIMER RECORD

VOLUME XLII

JANUARY, 1950

NUMBER 1

Published by FRANCES SHIMER COLLEGE in

January, March, May, July, September, and November
Entered October 1, 1911, at Mount Carroll, Illinois, as second-class
matter, under the Act of July 18, 1894.

DIRECTIONS FOR CORRESPONDENCE

In the list below are names and addresses of persons to whom inquiries of various types should be sent. The post office is Mount Carroll, Illinois.

General Policy of the College
John H. Russel, Acting President

Requests for Catalogs, Admission of Students
Neil J. Crawford, Director of Admissions

Inquiries concerning Residence Halls
Mrs. Ruth R. Hines, Dean of Students

Payment of College Bills
J. A. Fetterolf, Assistant Treasurer

Questions Relating to the Academic Work of Students
John H. Russel, Dean of the College

Questions Relating to Social Regulations
Mrs. Ruth R. Hines, Dean of Students

Scholarships, Employment, Loans
Neil J. Crawford, Director of Admissions

Requests for Transcripts of Records
A. Beth Hostetter, Registrar

ADMINISTRATION AND FACULTY (1949-1950)

JOHN H. RUSSEL, Ph.D., *Acting President*, 1949; *Dean of the College*, 1948.

A.B., Illinois College, 1931; M.A., Harvard University, 1932; Sorbonne, Paris, Summer, 1937; Middlebury College, Summers, 1938-1940; Ph.D., University of Chicago, 1948.

A. BETH HOSTETTER, Ph.B., *Vice-President*, 1939, *Registrar*, 1949; *Instructor in Humanities*, 1918; *Chairman, Division of Fine Arts*, 1946; *Acting Dean*, 1930-31; *Dean of Students*, 1931-34; *Registrar*, 1934-35; *Acting President*, 1935-36, 1938-39; *Dean of Students*, 1936-38; *Registrar*, 1936-44.

Ph.B., University of Chicago, 1907; University of Chicago, 1909-1910 and Summers, 1919 and 1929; study in Paris, Summer, 1911; Greek Division, European Summer School Bureau of University Travel, 1923; European travel, 1925-1926; Certificat d'assiduite from the Sorbonne, Paris, for four months' graduate work in Latin Language and Literature, 1926; Columbia University, Summers, 1931 and 1937.

RUTH REYNOLDS HINES, A.M., *Dean of Students*, 1948; *Dietitian*, 1944-1948.

A.B., Rockford College, 1920; Illinois State Normal University, Summer, 1920; A.M., University of Missouri, 1942; University of Wisconsin, Summer, 1943.

J. ARTHUR FETTEROLF, B.S., *Business Manager*, 1945; *Accounting*, 1948-1949.

B.S., University of Illinois, 1931.

NEIL J. CRAWFORD, B.D., *Director of Admissions and Public Relations*, 1949.

A.B., Eureka College, 1925; B.D., Yale University, 1927.

REUBEN H. SEITNER, JR., A.B., *Assistant to the President and Coordinator of Alumnae Activities*, 1948.

A.B., Coe College, 1947.

MERRILL L. HUTCHINS, Ph.D., *Director of Religious Activities*, 1948.

B.A., Hardin-Simmons University, 1939; M.A., Georgetown University, 1941; B.D., Chicago Theological Seminary, 1946; Ph.D., University of Chicago, 1949.

LOUISE MACY, M.A., B.S. in L.S., *Librarian*, 1948

A.B., Illinois Wesleyan University, 1928; M.A., University of Illinois, 1942; B.S. in L.S., University of Illinois, 1948.

RUBY BAXTER, A.M., *Mathematics*, 1927; *Chairman, Division of Natural Science and Mathematics*, 1946.

A.B., MacMurray College, 1919; A.M., University of Illinois, 1927; University of Chicago, Summers, 1923 and 1939; Columbia University, Summers, 1931 and 1937; MacMurray College, Summer, 1942.

ELLEN JEANNETTE BIRKETT, M.A., *Physical Science and Assistant in Testing Program*, 1948.

B.S., University of Chicago, 1940; M.A., University of Michigan, 1941.

REYNALDA CARRENO, M.A., *Spanish and Humanities*, 1949.

B.S., University of Wisconsin, 1948; M.A., University of Wisconsin, 1949.

EDNA BARR CLIFFORD, *Typing*, 1949; *Secretarial Studies*, 1934-1942.

Special Commercial Certificate, Illinois State Normal University, 1929.

ROBERT T. HANDY, Ph.D., *Chairman, Division of Humanities and Instructor in Humanities*, 1949.

A.B., Brown University, 1940; B.D., Colgate-Rochester Divinity School, 1943; Ph.D., University of Chicago, 1949.

MILDRED L. JAYNES, A.B., *Director of Equitation*, 1941; *Physical Education*, 1928-1941.

A.B., Carleton College, 1924; University of Minnesota, Summer, 1927; Pavley-Oukrainsky Russian Ballet School, Summer, 1932; Northwestern University, Summers 1934 and 1935.

BLENDON A. KNEALE, *Art*, 1940-1943; 1946.

Minneapolis School of Art, Minneapolis, Minnesota 1927-1931; Minneapolis Institute of Arts, Minneapolis, Minnesota, 1929-1931; Research artist and commercial designer for art publishers and lithographers, with agency and national advertising experience, 1932-1940.

JACQUELINE KRAMER, A.M., *Drama*, 1947.

A.B., University of Michigan, 1945; A.M., University of Michigan, 1948.

RUTH E. LAFANS, M.A., *Social Science*, 1949.

B.S., University of Minnesota, 1929; M.A., University of Minnesota, 1943.

D. ELDRIDGE MCBRIDE, A.M., *Social Science*, 1944.

A.B., University of Chicago, 1937; A.M., University of Chicago, 1943; University of Chicago, 1943-1944 and Summer of 1945.

FRANK M. POOLER, B.Mus., *Voice, Humanities, and Director of Choir*, 1949; *Voice and Assistant in Chorus*, 1948-1949.

Special study in composition with the composer, Darius Milhaud, Mills College, Summer, 1947; B.Mus., St. Olaf College, 1948; Graduate study of University of Iowa, 1948-1949.

MARIE WEINHARDT POOLER, B.Mus., *Piano and Organ*, 1949.

B.Mus., St. Olaf College, 1949.

MARCELLA ROBERTS, B.S., *Physical Education*, 1949.

B.S., Indiana University, 1947.

NINA ST. JOHN, M.A., *Piano, Harmony and Voice*, 1949.

B.A., University of Minnesota, 1932. B.S., University of Minnesota, 1942; M.A., University of Minnesota, 1949.

THEORA STORY, M.A., *Biological Science*, 1949.

B.A., Marietta College, 1946; M.A., University of Wisconsin, 1949.

DOROTHY TRICKEY SWETTING, S.M., *Home Economics*, 1945.

S.B., University of Wisconsin, 1920; S.M., University of Wisconsin, 1938.

EDNA THOREEN, A.M., *French*, 1925.

A.B., Lombard College, 1911; A.M., University of Illinois, 1914; McGill University, Summer, 1923; Institute of French Education, Penn State College, Summer, 1925; University of Chicago, Summer, 1929; University of Wisconsin, Summers, 1916, 1919, 1921, 1934; European travel, Summer of 1924; cours d'ete, Universite de Lille, Boulogne-Sur-Mer, France, Summer, 1927.

PHILIP A. TRIPP, A.M., *Chairman, Division of Communications and Instructor in Communications*, 1948.

A.M., University of Chicago, 1947; University of Chicago, 1947-1948.

Standing Committees of the Faculty, 1949-1950

Administrative—Dr. Russel, Dean Hines, Mr. Fetterolf, Miss Hostetter, Mr. Crawford.

Educational Policies—Dr. Russel, Miss Baxter, Miss Hostetter, Dr. Handy, Mr. Tripp, Mr. McBride, Mrs. Swetting, Dean Hines.

Lecture and Entertainment—Miss Baxter, Mrs. Hines, Dr. Hutchins, Miss Kramer, Mr. Kneale, Mr. Pooler, Mr. Seitner.

Library—Miss Macy, Miss Hostetter, Mr. Kneale, Mr. McBride, Mr. Pooler, Miss Birkett.

Faculty Program—Mr. Tripp, Miss Lafans, Miss Carreno, Miss Story, Miss St. John, Miss Baxter, Dr. Hutchins.

Social—Miss Thoreen, Miss Robert, Mr. Kneale, Mrs. Gifford, Mrs. Pooler, Miss Jaynes, Miss Kramer, Mrs. Swetting.

The Acting President is a member ex-officio of all committees.

EDUCATION AT FRANCES SHIMER COLLEGE

HISTORY

Ninety-seven years ago, when American education was still designed primarily for men, Frances Ann Wood received a call to establish a school in the modest-sized Illinois community of Mount Carroll. With Miss Cinderella Gregory she left her home in New York State and on May 11, 1853, the two young pioneers in the education of women opened the Mount Carroll Seminary.

Frances Wood, later Mrs. Frances Wood Shimer, administered the Seminary herself for forty-three years, Miss Gregory having resigned in 1870. In 1896, by her own wish, Mrs. Shimer transferred control to a self-perpetuating Board of Trustees of fifteen members representing the University of Chicago, the alumnae of the Seminary, and the citizens of Mount Carroll. Ten members of the Board of Trustees are members of Baptist churches.

The chartered name of the institution became The Frances Shimer Academy of the University of Chicago. Friendly relationship with the University implied by this name, as well as the representation of the University on the Board of Trustees, remains to the present day.

That the Academy did receive unusual representation from the University during this early period may be judged from the names of members of its first Board of Trustees, which included such leading educational figures as William Rainey Harper, Thomas W. Goodspeed, Henry A. Rust, Alonzo K. Parker, Frank J. Miller, and Lathan A. Crandall. In the years that followed, progressive educational policies were inaugurated. These years were, in a sense, the critical, formative years in the college's growth, and its successful emergence from them points to the quality of its leadership.

In these years also the college began rebuilding on a much larger scale. The original Seminary buildings having burned in 1906, the present quadrangle was laid out, providing ample room for building expansion.

The institution was one of the first to undertake the junior college plan, and graduated its first junior college class as early as 1909, long before the junior college had won the popular acceptance which it has now. In 1931, the trustees approved the idea of making the four-year junior college the chief unit of academic organization.

Upon the retirement of Mrs. Shimer, William Parker McKee of Minneapolis was called to be president. During his thirty-three year administration, the present complete plant was built and most of the

equipment acquired. He was President Emeritus from 1930 until his death in 1933. Floyd Cleveland Wilcox, who became president upon Dr. McKee's retirement, retired in 1935. During his administration the college made many advances in educational policy. In 1936, Raymond B. Culver became president and served most ably until he resigned because of ill health in February, 1938. In the interim between Dr. Wilcox's and Dr. Culver's incumbency, and again during the year between Dr. Culver's death and Mr. Bro's appointment, A. Beth Hostetter, formerly dean and now vice-president, acted as president. Albin C. Bro served as president from 1939 to 1949. His administration was responsible for the development of the Shimer Plan in curriculum, and was responsible, too, for several improvements and additions to the College plant. John H. Russel, Dean of the College, became Acting President in the fall of 1949.

DEVELOPMENT OF THE SHIMER PLAN

The curriculum of Frances Shimer College has been under study and revision for several years. In 1931 the Board of Trustees made the four year junior college the basic unit of academic instruction. In 1944 a thorough study of the college was made by Dr. John Dale Russell and his associates from the Department of Education of the University of Chicago. Later that year the faculty and administration revised the statement of aims and purposes of the college. After this statement was accepted by the Board of Trustees, the faculty was re-organized and the process of revising the curriculum to carry out the stated purposes was begun. The program of The Shimer Plan was inaugurated in September, 1947.

PURPOSE AND AIMS OF THE SHIMER PLAN OF GENERAL EDUCATION

The purpose of general education is to develop the ability to identify basic values which guide the individual in making decisions and to cultivate concrete experiences which augment the meaning of those values.

The specific aims of education at Frances Shimer College can be stated in terms of developing the qualities and skills inherent in the general purpose:

1. Enough knowledge about the nature of men and women and their social relationships to discover the principles which must order all human enterprises.
2. Sufficient information about the natural world to know how it can sustain and serve human life.
3. Understanding and appreciation of the achievements of men as expressed in literature, art, music, philosophy and religion.

4. Competence in the expression of thoughts and feelings through use of language and through an artistic medium.
5. Skill in analytical thinking and critical evaluation of conclusions.
6. Ability to think creatively, to put together ideas and thoughts in new ways.
7. Ample health so as to be sensitive and responsive to one's environment.
8. Purposeful planning of vocational and home life.
9. Positive and constructive participation in the democratic ordering of group life through responsible support of constructive activities and by leadership in areas of competence.
10. Understanding of and commitment to the basic principles of religious living as found in the Hebrew-Christian tradition.
11. Personal integrity and active good-will toward all individuals.
12. Emotional maturity, poise and self-control.

From the foregoing statement of specific aims, it is apparent that Frances Shimer College believes that the purpose of general education is something more important than a satisfactorily adjusted life or the acquisition of knowledge. Life can be adjusted on very unworthy levels, and facts are tools to be used, not ends to be served.

The quality of life depends upon the ability of men and women to discover how the values are created which support life and give it excellence. The most important and perplexing problems young women face in their world are those of the identification of values and the fostering of their growth. Conversely, they must know how to recognize those practices and habits which destroy values or obstruct their growth. If our young women cannot do this they and their world will perish.

Values develop in the life of a young woman when she becomes keenly aware of the thoughts and feelings of others and uses them to enlarge her own understanding; when her knowledge of the world expands and she feels a growing consciousness of the ties which relate her to other people. The development of values will be blocked by inability to communicate with others to get their ideas, thoughts and feelings through conversation and reading. This growth cannot take place when there is ignorance or when personal pride erects barriers among men and women. Education at Frances Shimer College is designed to eliminate those obstructions to the growth of its students and to provide positive conditions for the increase of values in their lives.

CHARACTERISTICS OF THE SHIMER PLAN

GENERAL

General education is not divorced from thorough study of specific events, periods or cultures but is different from specialized or concentrated learning, and vocational training. All study is concerned with specific facts or events. General education is concerned with making these facts meaningful through the discovery of their generic nature, their interrelationships and dynamic qualities. When information thus becomes meaningful it becomes useful in making discriminating value choices.

The Shimer Plan does not minimize the vocational usefulness of any knowledge or skill but believes that specific vocational training must not be undertaken until the student has been prepared through general education for a significant life made possible by a meaningful study of significant ideas, facts and events. Only then is an individual equipped to choose with discrimination those values which can sustain his living and engender graciousness and nobility of character.

PRESCRIBED

In order to insure a generic study of integrated and interrelated materials it is necessary that a number of courses be prescribed. Since it is precisely the function of general education to enlarge the scope of meaningful experience, the choice of material studied cannot be left to the whim of passing fancy, but must be entrusted to those who, through maturity and scholarship, are competent to judge its merit.

INDIVIDUAL

Insofar as possible individual differences and interests are clearly recognized. This is apparent in the range of electives from which students may make varied and different choices. Where placement examinations are available students may have the opportunity to "test out" of certain courses through examination.

ADMISSION

Application for admission is made on a special application form which is sent upon request. The application for a resident student is officially recorded only when accompanied by a registration fee of twenty dollars for reservation of a room. No deposit is necessary to record the application of day students.

Students will be admitted to full freshman standing (eleventh grade) upon presentation of seven acceptable units completed in a high school accredited by the North Central Association of Colleges and Secondary Schools or by other recognized standardizing agencies. These seven units should include two units in English and one in algebra. A unit in any subject represents the equivalent of 200 minutes of instruction per week for a period of approximately thirty-six weeks.

Students will be admitted to full standing in the junior year (equivalent to college freshman year) upon presentation of a high school

diploma and fifteen units of acceptable work from a four-year high school accredited by the above named accrediting agencies. Classification will be accorded when the certified list of credits is presented. Students who have not met complete high school graduation requirements may be admitted to the junior class (college freshman class) on probation providing high school deficiencies are met during the course of that year. These deficiencies may not exceed two high school units.

Students will be admitted at the twelfth and fourteenth grade levels upon the presentation of satisfactory credits from institutions accredited by the above named standardizing agencies. New students will be admitted at the beginning of the second semester provided that a satisfactory program of study can be arranged.

A candidate for admission must also demonstrate ability by making a satisfactory score on certain aptitude and achievement tests and furnish evidence of good moral character and honorable dismissal from the school last attended.

GRADUATION REQUIREMENTS

Students are graduated from the College when they have completed a minimum residence of one year which, unless special permission is granted, must be the senior year, and when they have earned a minimum of 64 semester hours of credit on the level of the upper division (equivalent of grades 13 and 14).

Included in these 64 hours must be:

- | | |
|---|-----------------------------------|
| a. Six hours in communications | c. Twelve hours in social science |
| b. Twelve hours in humanities | d. Twelve hours in science |
| e. Four hours in physical education | |
| f. A minimum of eighteen hours of electives | |

Placement examinations will be offered upon request in communications, biological science, and physical science in the autumn. Students who satisfactorily complete these examinations will be exempted from taking these courses. Electives must be chosen in their stead so that the total number of hours required for graduation may be met.

Two types of diplomas are granted. The Associate in Arts Degree is granted to those students who have a cumulative grade point average of at least .900 for all courses which are carried during the thirteenth and fourteenth grades. The Certificate of Course Completion is granted to those students who have a cumulative grade point average of less than .900 for all courses which are carried during the thirteenth and fourteenth grades.

CERTIFICATION REQUIREMENTS

Certification for students who may desire to transfer from the lower division (equivalent of grades 11 and 12) to another institution may be granted upon the completion of a minimum of 60 semester hours, and physical education, in lower division courses. Specific subject requirements are in the fields of English, foreign language, mathematics, science, and social studies; two of these subjects must be pursued for three years each (including one year of pre-lower division study), and one additional subject must be pursued for two years.

The student is responsible for meeting all graduation requirements.

ORGANIZATION OF CURRICULUM

Freshman Year (Grade 11)

Social Science 1	Humanities 1	Communica- tions 1	Electives 4-6 hours	Physical Educa- tion
---------------------	-----------------	--------------------------	------------------------	----------------------------

Sophomore Year (Grade 12)

Social Science 2	Humanities- Communica- tions 2	Science 1	Electives 4-6 hours	Physical Educa- tion
---------------------	---	--------------	------------------------	----------------------------

Junior Year (Grade 13)

Social Science 3	Humani- ties 3	Communi- cations 3	Science 2 or Science 5	Electives 4-5 hours	Physical Educa- tion
---------------------	----------------------	--------------------------	---------------------------------	------------------------	----------------------------

Senior Year (Grade 14)

Social Science 4	Humani- ties 4	Science 5 or Science 2	Electives 7-8 hours	Physical Educa- tion
---------------------	----------------------	---------------------------------	------------------------	----------------------------

Placement tests in Communications and Biological and Physical Sciences will be offered in the autumn. Students who satisfactorily complete these tests will be exempted from taking these courses. However, electives must be chosen in their stead.

CURRICULUM

Humanities 4	3	P. E. or Riding	1
*Science 5 or Science 2	3		

*Placement tests in Communications and Biological and Physical Sciences will be offered in the autumn. Students who satisfactorily complete these tests will be exempted from taking these courses. However, electives must be chosen in their stead.

A normal maximum load will be considered 17 or 18 hours plus physical education or riding. Students who desire to take courses which exceed the maximum load must petition the Dean of the College for special permission.

The following courses will be offered as electives.

Math 0
Math 2
Science 3 or 4
Communications 4
Harmony 1
Art 1, 2, 3, 4
Piano 1, 2, 3, 4
Drama 1, 2, 3

Voice 1, 2, 3, 4
Organ 1, 2, 3, 4
Typing 1, 2
Business 1
Home Economics 1, 2, 3, 4,
French 1, 1x, 2, 2x
Spanish 1, 1x, 2, 2x
German 1, 1x, 2, 2x

UNIT OF INSTRUCTION

The unit of instruction is a semester hour. This term may be defined as a credit granted for successful completion of a study pursued for one class hour per week throughout a semester of eighteen weeks. In general, two hours of laboratory work will be counted as the equivalent to one recitation class hour.

Class hours are fifty minutes in length. A ten minute interval is allowed for passing from one class to another.

GRADING SYSTEM

Students and parents are advised of progress being made four times during the year and are informed of the level of achievement at the end of the year. The letters A to E are symbols used to indicate the degree of proficiency demonstrated in any subject and may be interpreted as follows:

A—Superior

B—Above average

C—Average

D—Below average

E—Failure

As a rule, condition grades are not assigned by the faculty. Where special conditions prevail, however, which are not the result of a student's inattention to her studies, incomplete work may be made up with the consent of the instructor.

Supplementing the marking system is the grade point system, which serves to set definite standards of achievement in terms of amount and quality of work.

A grade of A earns 3 grade points for each semester hour of credit.

A grade of B earns 2 grade points for each semester hour of credit.

A grade of C earns 1 grade point for each semester hour of credit.

A grade of D earns 0 grade point for each semester hour of credit.

A grade of E earns 0 grade point for each semester hour of credit.

SCHOLASTIC PROBATION

A student will be placed on scholastic probation in the event that she obtains a grade point average of .500 or lower, and if she fails in one or more subjects regardless of grade point average.

HONOR ROLL

The honor roll is compiled for the entire student body and contains the names of those students who have an average of 2.0 or better with no grade below C.

PROGRAM CHANGES

Permission to change a program will be granted during the first two weeks of the entering semester. Only reasons of an educational character will be considered. After that time no change will be granted except for definite reasons of physical and mental health.

After the first grading period (the first six weeks of the first semester) a student may, on the advice of her adviser, instructor and the dean of the college, be permitted to drop a course with no grade recorded for the course. A course dropped later in the year because of a failing grade will be recorded as a failure.

The College reserves the right to withdraw any course offering which is listed if registration in the course is less than five.

COURSES OF INSTRUCTION

PANEL I

NATURAL SCIENCES AND MATHEMATICS

The purpose of the study of natural science and mathematics is to cultivate skill in and the habit of scientific thinking through consideration of the nature of scientific knowledge, the way in which it was discovered and the method of thought involved in its application to problems. The courses are designed to develop the ability to comprehend and critically evaluate statements which involve the subject matter of science and which use the concepts and the language of the sciences. Knowledge of some accepted solutions of problems posed by space and quantity, the physical world and living organisms is an important part of the courses. Mathematics, although it has its own discipline in its more advanced forms, is considered in general education to be the language of the sciences.

MATHEMATICS

0—PLANE GEOMETRY—Elective

The purpose of instruction in plane geometry is to teach the processes of analytical thinking. The subject matter consists of straight line figures, parallels, perpendiculars and circles. Many problems are selected from life situations.

Four hours per week, both semesters. Four credits each semester.

2a—COLLEGE ALGEBRA—Elective

The study of college algebra involves the study of variables, functions and the theory of equations. Some of the topics included are the binomial theorem, logarithms, progressions, probability and the mathematics of investment.

Three hours per week, first semester. Three credits.

2b—TRIGONOMETRY—Elective

The study of trigonometry involves the study of trigonometric functions, angles, reductive formulas, fundamental identities, radian measure, equations and the solution of triangles.

Three hours per week, second semester. Three credits.

SCIENCE

- 1—GENERAL PHYSICAL SCIENCE—Required at twelfth grade level.

A study of the fundamental principles of physical science presented through the medium of mathematics, astronomy, geology, meteorology, physics and chemistry. The emphasis is upon the scientific method. This approach to knowledge in the area of physical science is developed by lecture, discussion, written reports and educational films.

Four hours per week, both semesters. Four credits each semester.

- 2—GENERAL BIOLOGY—Required at thirteenth grade level or at fourteenth grade level.

The purposes of general biology are to improve the ability of the student to think scientifically, to develop a picture of the content and machinery of the organic world and to provide information which will improve the ability to adjust effectively to the conditions in which one lives.

Three hours per week, both semesters. Three credits each semester.

- 3—GENERAL CHEMISTRY—Elective.

The fundamental laws of chemical action and modern theories about chemical phenomena are studied in the class room and laboratory. This course includes introductory qualitative analysis.

Two lectures and two 2-hour laboratory periods per week both semesters. Four credits each semester.

- 4—GENERAL ZOOLOGY—Elective.

This course, through readings, lecture and laboratory experiences, acquaints the student with animal life. The principles of zoology are presented so the student may understand man's place in nature and his relationship to other forms of animal life.

Two lectures and two 2-hour laboratory periods per week both semesters. Four credits each semester.

- 5—GENERAL PHYSICAL SCIENCE—Required at fourteenth grade level or at thirteenth grade level.

This course involves an integration of the major areas of physical science so that the student may achieve a unified picture of the physical universe. Throughout the course emphasis is placed upon the means by which man has arrived at the various generalizations applicable to the physical universe. Experimental demonstrations and educational films are important in the development of these ideas.

Three hours per week, both semesters. Three credits each semester.

PANEL II

SOCIAL SCIENCES

It is the aim of the social sciences to provoke inquiry about contemporary society, to develop an understanding of the basic values in society, and to acquire a mastery of the tools of critical analysis. This purpose resolves itself into a desire to create civic competence, that is, to contribute toward the creation of a citizenry capable of making intelligent judgments based on consciously accepted social values. It is believed that out of these will come effective civic action.

One required course is offered in the social sciences for each of the four years of the college. The first of these consists of a social-scientific analysis of the family, its purpose being to demonstrate the inter-dependence of the various social sciences upon each other through a critical analysis of the family in the post-war United States. Scientific knowledge of the development of personality and of family living is stressed, as is the cultivation of understandings making for satisfying adjustment in marriage. Special attention is given to the development of the student's ability to select and apply the various scientific techniques employed in the study of social phenomena.

The general aim of the second year course is to help the student to acquire an understanding of the historical development of contemporary American society, to prepare for further study of contemporary society and to develop skills with which to deal intelligently with modern problems. The third year course centers upon an examination of the problem of the freedom of the individual. It is based on the assumption that freedom is a relevant factor in any of the decisions a citizen of a democracy must make who would choose intelligently from the alternatives modern society provides. The purpose of the fourth course is to develop a scientific method of examining the contemporary valuational crisis in political and socio-economic problems. The rapid technological and economic changes of this century have unleashed forces which have created problems of such a scale as to demand a reconstruction of ethical principles, sanctions and controls.

1—A SOCIAL AND SCIENTIFIC ANALYSIS OF THE FAMILY—Required at eleventh grade level.

This course, first, introduces the student to the problems involved in any type of scientific research. The student becomes acquainted with science as a descriptive skill. An intensive comparison will be made of the various branches of research in the social sciences. The second section of the course addresses itself to the structure and function of the family, particularly in the post-war United States. The final phase of the course

focuses its attention on the relationship of the individual to the family as a basic unit of orientation. Personal and functional aspects of marriage are studied as preparation for intelligent and effective marriage and motherhood.

Four hours per week, both semesters.

Four credits each semester.

2—UNITED STATES HISTORY—Required at twelfth grade level.

This course consists of a study of some of the basic ideas necessary for an understanding of the developing culture of the American people. These ideas are considered in the context of a series of major problems faced by Americans in the course of the development of their economic, political and social institutions from the beginning of the seventeenth century to the present. From this study the student gains some facility in conceptual thinking, a knowledge of America's past, and skill in dealing with problems of public policy.

Four hours per week, both semesters.

Four credits each semester.

3—THE RISE OF MODERN LIBERALISM—Required at thirteenth grade level.

The work of this course is both descriptive and analytical. It opens by differentiating between ideal democracy and democracy as it is practiced in the twentieth century. Against the background of this contemporary situation the institutions of western Europe are analyzed for the purpose of determining the degree and type of freedom they afforded the individual. This institutional analysis is applied to the Mediaeval Age, the Renaissance, the absolute monarchy, the modern age and the contemporary period. The course closes with an intensive study of current politico-socio-economic theories and practices. The readings consist largely of selected materials from primary sources.

Three hours per week, both semesters.

Three credits each semester.

4—ANALYSIS AND EVALUATION OF SOCIAL MOVEMENTS—Required at fourteenth grade level.

The first section of this course deals with the nature of the contemporary valuatinal crisis. It seeks to acquaint the student with the basic economic, political and social trends which have been apparent since the opening of World War I.

The second section is concerned with an understanding of group behavior and the relationship of the individual to the group. Here the conceptual tools necessary for the analysis of social movements are developed. A functional approach is used which seeks to analyze social behavior and at the same time identify value judgments. The third section is an analysis of some general social problems and an evaluation of certain proposed programs drawn from government, the school, church, industry and the United Nations.

Three hours per week, both semesters.

Three credits each semester.

PANEL III HUMANITIES

Humanities is an integrated study of the achievements of men as expressed in literature, art, music, philosophy and religion. The purpose of Humanities is the development of critical thinking concerning the significant achievements of the mind and spirit of man.

All great literature and art are woven about certain inescapable questions which face each individual as new problems, such as the nature and destiny of man; the quest for the good, the beautiful, the true and the just; and the identification of sustaining values. Systematic answers to such questions are the material of philosophy and religion.

Appreciative understanding, critical evaluation and personal orientation are the primary purposes of the study of Humanities. These are accomplished by acquainting the student with a variety of artistic, literary, philosophic and religious masterpieces from several cultures and national backgrounds; by stimulating the student to evaluate each work studied and by leading the student to the discovery of stable and positive values.

The material of each course is organized historically to facilitate the student's grasp of the development of meaning and form. The classes are conducted to stimulate thoughtful discussion and effective communication of ideas.

1—INTRODUCTION TO WESTERN CULTURE—Required at eleventh grade level.

The purpose of this course is to acquaint each student with the most important periods in the development of Western Civilization. This is accomplished through a reading of literature selected from the Hebrew, Greek, Roman, Mediaeval and Early Modern Periods and through study of representative masterpieces of art and music.

Four hours per week, both semesters. Four credits each semester.

2—LITERATURE AND LANGUAGE SKILLS—Required at twelfth grade level.

The literary achievements of Americans are considered in this course. They are studied with the aim of developing skills in communications, and for the purpose of providing the student with a satisfying experience in literature and a picture and interpretation of American life.

Four hours per week, both semesters. Four credits each semester.

3—CRITICAL ANALYSIS OF LITERATURE, ART AND MUSIC—Required at thirteenth grade level.

Selections from the great books of literature and the great masterpieces of art and music are chosen for critical analysis and evaluation in this course. The student is acquainted with the important principles of criti-

cism and encouraged to develop her own ability to evaluate the literary and artistic expressions of various cultures.

Three hours per week, both semesters. Three credits each semester.

4—CRITICAL ANALYSIS OF PHILOSOPHY AND RELIGION—Required at fourteenth grade level.

Readings from the Oriental, Hebrew and Christian religions and from the Greek, Mediaeval and Modern philosophers are selected for this final course. By a discussion of the readings the student learns the techniques of evaluation, comparison and communication.

Three hours per week, both semesters. Three credits each semester.

FOREIGN LANGUAGES

The purpose of the study of foreign languages at Shimer is to develop reading skill through intensive study of vocabularies, idioms and the essentials of grammar. Through diction and conversations based on readings the student enlarges her vocabulary for reading and for understanding the spoken language.

French

1—BEGINNING FRENCH—Elective.

An introductory course for upper division students who have not previously studied French or who have not completed satisfactorily two years of high school French. Emphasis is placed on pronunciation, vocabulary building and simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters. Four credits each semester.

1x—BEGINNING FRENCH—Elective.

An introductory course for students in the lower division who have had no previous work in French. Emphasis is placed on pronunciation, vocabulary development, simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters. Four credits each semester.

2—INTERMEDIATE FRENCH—Elective.

Skill in the language is further developed through the reading of short stories, plays and history with continued study of grammar, vocabularies and idioms. Readings in this course are chosen from outstanding works in the literature of the language. Correlation of the culture of history and literature of the periods selected is emphasized. Prerequisite: French 1 or the equivalent.

Three hours per week, both semesters. Three credits each semester.

2x—INTERMEDIATE FRENCH—Elective.

A continuing emphasis is placed on skill in the language through careful reading of short stories, plays and history, with continued study of grammar, vocabularies and idioms. Prerequisite: French 1x or its equivalent.

Four hours per week, both semesters.

Four credits each semester.

German

1—BEGINNING GERMAN—Elective.

An introductory course for upper division students who have not previously studied German or who have not completed satisfactorily two years of high school German. Emphasis is placed on pronunciation, vocabulary building and simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters.

Four credits each semester.

1x—BEGINNING GERMAN—Elective.

An introductory course for students in the lower division who have had no previous work in German. Emphasis is placed on pronunciation, vocabulary development, simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters.

Four credits each semester.

2—INTERMEDIATE GERMAN—Elective.

Skill in the language is further developed through the reading of short stories, plays and history with continued study of grammar, vocabularies and idioms. Readings in this course are chosen from outstanding works in the literature of the language. Correlation of the culture of history and literature of the periods selected is emphasized. Prerequisite: German 1 or the equivalent.

Three hours per week, both semesters.

Three credits each semester.

2x—INTERMEDIATE GERMAN—Elective.

A continuing emphasis is placed on skill in the language through careful reading of short stories, plays and history, with continued study of grammar, vocabularies and idioms. Prerequisite: German 1x or its equivalent.

Four hours per week, both semesters.

Four credits each semester.

Spanish

1—BEGINNING SPANISH—Elective.

An introductory course for upper division students who have not previously studied Spanish or who have not completed satisfactorily two years of high school Spanish. Emphasis is placed on pronunciation, vocabulary building and simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters.

Four credits each semester.

1x—BEGINNING SPANISH—Elective.

An introductory course for students in the lower division who have had no previous work in Spanish. Emphasis is placed on pronunciation, vocabulary development, simple grammatical structure as basic to progress in elementary reading.

Four hours per week, both semesters.

Four credits each semester.

2—INTERMEDIATE SPANISH—Elective.

Skill in the language is further developed through the reading of short stories, plays and history with continued study of grammar, vocabularies and idioms. Readings in this course are chosen from outstanding works in the literature of the language. Correlation of the culture of history and literature of the periods selected is emphasized. Prerequisite: Spanish 1 or the equivalent.

Three hours per week, both semesters.

Three credits each semester.

2x—INTERMEDIATE SPANISH—Elective.

A continuing emphasis is placed on skill in the language through careful reading of short stories, plays and history, with continued study of grammar, vocabularies and idioms. Prerequisite: Spanish 1x or its equivalent.

Four hours per week, both semesters.

Four credits each semester.

PANEL IV

COMMUNICATIONS

All educational experience depends upon the ability of the student to read, write, listen, observe and speak. Apart from this communication of thoughts and feelings there is little education that is possible.

Of even greater importance is the fact that data and events will remain useless information unless the individual is able to surround them with meaning which can be acquired only through communication with other individuals; authors, teachers, critics and fellow students. Since the dis-

criminating choice of values rests upon the critical ability to discern the meaning of facts or events it becomes a matter of utmost importance that each person be equipped with the skills necessary for the growth of meaning. Only through a study of words, (semantics) their usage, (grammar) and their effective use in sentences and paragraphs, (writing and speaking) can such skills be developed.

It is the aim of the Communications Panel to provide a series of experiences in reading, writing, listening, observing and speaking which will make possible progressive achievement in these fields. Each student may be tested in these skills upon admission if request is made.

1—FUNCTIONAL GRAMMAR AND RHETORIC—Required at eleventh grade level.

This basic course seeks to establish clearly those fundamentals of effective English required for successful communication. Correct grammatic usage is examined as a prerequisite to good speaking and writing. Vocabulary extension, correct spelling, organizing skill, effective note-taking, and a knowledge of parliamentary procedure are means of attaining this goal.

Four hours per week, both semesters. Four credits each semester.

2—LANGUAGE SKILLS—Required at twelfth grade level.

Work at this level in communications is carried conjointly with Humanities 2.

3—FUNCTIONAL BASES OF LANGUAGE—Required at thirteenth grade level.

An examination is made of the nature and function of language as a principal factor in human life through a study of its history, organization, uses and effects. Emphasis is placed upon improvement of personal skill in the areas of reading, writing, speaking, listening and observing by providing subjective experience in each area.

Three hours per week, both semesters. Three credits each semester.

4—CREATIVE WRITING—Elective.

This advanced course is for the student who is interested in continuing studies in language skills with special emphasis upon writing skill. The forms of discourse are reexamined, and studies of writing of superior quality are made. Class membership is limited to fifteen students who are admitted by the consent of the instructor.

Three hours per week, both semesters. Three credits each semester.

PANEL V

PHYSICAL EDUCATION

The panel of physical education seeks to help the student become more efficient physically and to establish sound health habits. It also seeks to supply the student with the fundamental skills in recreational activities that will not only be satisfying during college years but also may be enjoyed in her after-college leisure time; to promote social development and create high ideals of team co-operation, and to provide adequate individual remedial and corrective activities as indicated by the medical examination.

Requirements for All Students

A minimum of three periods per week, or equivalent, is required of all lower division students, and two periods per week of all upper division students. No student is excused from physical education except on the written statement of a qualified physician. Students with doctors' excuses will have to take physical education theory.

Activities

The activities of the department, in keeping with the objectives stated above, may be grouped as follows:

1. Dancing

Training in rhythmic response; the development of skills in fundamental rhythms and of the basic and authentic steps, characteristic of the various forms of dancing; emphasis placed upon folk, old-time and accepted social dances.

2. Individual work

Corrective work for postural and nutritional conditions.

3. Swimming

Elementary, intermediate, and advanced swimming, and diving.

4. Sports

Archery, badminton, golf, horseback riding, tennis, table tennis, softball, basketball, volleyball, soccer, speed ball, and hockey.

5. Individual activities

Ice skating, skiing, tobogganing, hiking, and week-end trips.

Inter-class and interscholastic competitive athletics are sponsored by the athletic association in cooperation with the physical education department.

Upon entrance each student presents, on blanks furnished by the college, a medical examination and vaccination certificate from her own physician, and a record of her health history. The choice of an activity is determined by the findings of this examination.

The required uniform for all classes may be purchased in the college bookstore.

Equipment

The equipment of the department consists of a beautiful gymnasium, a swimming pool, a hockey field, three tennis courts, a nine-hole golf course, and riding stables.

Glengarry Farm Stables

Instruction in horseback riding is given at the Glengarry Farm Stables with facilities that are quite ideal. There are 240 acres of rolling countryside, numerous riding trails and a large riding ring, the scene of the annual horse show.

Mr. and Mrs. S. J. Campbell, owners of Argyll Stables, have generously extended the use of Glengarry Horse Farm and all its advantages to Frances Shimer. The main building, over 100 feet long, was designed in the colonial style to match the buildings of the campus. There are stalls for twenty-two horses and a large central exercise space. The building also contains an apartment for the trainer, the director's office, a beautiful lounge and rest room.

The Stables are operated as an institution entirely distinct from the college. The director is Miss Mildred Jaynes, who for thirteen years was director of physical education on the campus. All arrangements for courses are made with the director and all fees for riding are paid to her. Full credit in the physical education department is given for all instruction in equitation. Students are transported to and from the Farm in a station wagon.

The fees for riding are \$100 per semester. There is a ten per cent discount in the total riding fee for the year if the fee is paid in advance.

There is also a course in stable management given to advanced riding students. Upon satisfactory completion of this course a certificate is awarded which qualifies students to teach in summer camps.

PANEL VI

THE FINE AND PRACTICAL ARTS

THE FINE ARTS

The Fine Arts Panel includes the Graphic and Plastic Arts, Music and Drama. Courses are planned to develop a general understanding of these arts along with increasing performing skill, continuing and developing interests already aroused through participation in plays, glee clubs and art classes. In general education the arts should act as a refuge from the commonplace, an emotional and intellectual discipline, a vehicle for personality development and finally as an avocation.

In particular, the graphic and plastic arts serve to prepare the student to make significant, creative contributions to contemporary art and life, whether that contribution be in an art school, a home or a professional position. Such training, accompanying the regular academic work, challenges the student to an awareness of the insistent need for art in everyday life.

The music courses are designed to meet the general needs of the average student. Participation in recitals is encouraged as an aid to poise. Private lessons in applied music stress the building of repertoire and the development of technical proficiency. Choral and ensemble classes demand musicianship and afford the pleasure of group activity. Placement examinations will be required of all new applicants. A list of all previously studied compositions will be presented to the department at the time of registration.

The courses in drama are planned to develop poise in public and to foster the creative spirit through the medium of the theatre. Special festivals are given at Christmas and at Easter. The Dramatic Club stages two productions during the year. Not only in acting and stage management, but in design, costume, music and dancing, the student receives practice in relating her art to an artistic whole. All departments of the college co-operate in producing a play.

Graphic and Plastic Arts

The work in art is designed to provide opportunity for the discovery of the true meaning of creative art experiences and to furnish fundamental preparation for professional and non-specialized activity. Placement tests are given at the beginning of the year and students are enrolled in the courses that best meet their needs.

Art expression is emphasized in school activities. The Dickerson Art Gallery plays an important role in the life of the college. Students have

MCKEE HALL AND WEST HALL (Residence Halls)

CAMPBELL LIBRARY

unlimited opportunity to study its permanent works of art. The Carnegie Art Set of 900 reproductions and 130 volumes on art and related subjects is housed in the gallery.

1—FUNDAMENTALS OF ART—Elective.

A general introductory study of art, designed to familiarize the beginning student with the various mediums of expression, to stimulate the imagination and to develop original ideas. Practical application of the basic principles of design, tone, color, and composition is stressed.

Two 2-hour studio periods per week, both semesters.

Two credits each semester.

2—ANATOMY AND COMPOSITION—Elective.

The emphasis in this course is upon good draftsmanship and structural drawing as it applies to the human figure and general composition. The arrangement of line, form and mass is analyzed thus affording the student general interest in and appreciation of art as well as building a sound background for future vocational study. Prerequisite: Art 1 or its equivalent.

Two 2-hour studio periods per week, both semesters.

Two credits each semester.

3—DESIGN AND COMMERCIAL ART—Elective.

The detailed study of design as it applies to all art forms affords valuable experience as a foundation for accurate selection of home furnishings and develops originality and individuality in expression. Advertising layout, general illustration, fashion design and lettering are stressed, thus providing foundational skills for commercial art. Prerequisite: Art 2 or its equivalent.

Two 2-hour studio periods per week, both semesters.

Two credits each semester.

4—PAINTING—Elective.

This course provides advanced study in painting. Oil, transparent watercolor and tempera are the mediums used. Attention is given to compositional theories, advanced color harmony, and the development of individual techniques in landscape, still life and portraiture. Prerequisite: Art 3 or its equivalent.

Two 2-hour studio periods per week, both semesters.

Two credits each semester.

Theory of Music

1—ELEMENTARY HARMONY—Elective.

Study of ear-training, dictation, sight-singing, and elementary harmony, and specifically the following: Introduction to principles of chord structure; intervals, primary and secondary triads, dominant seventh and ninth chords, secondary seventh chords, modulations to closely related keys; written exercises based upon figured basses and given melodies; analysis of hymn tunes and Bach chorales; emphasis upon the harmonization of original melodies; singing and playing of scales, intervals, and triads; performance of various keyboard patterns in all major and minor keys; practice in reading at sight, singing in correct pitch, and detecting difference in rhythmic patterns; ear training through dictation of increasing difficulty in rhythmic patterns, intervals, and melodies.

Three hours per week, both semesters. Three credits each semester.

Piano

The courses in piano include all grades of material required for progressive musical development and involve a special adaptation to the needs of each individual pupil. Particular attention is given to thoroughness in foundation work. Public student recitals are given at intervals during the year. Students may enter courses for which they are found qualified by an audition. Entering students who have had previous instruction should be prepared to perform one selection and present a list of repertoire previously studied.

1—ELEMENTARY I—Elective.

Piano fundamentals for students with no previous training include the following: Adult beginner methods, short pieces, sight-reading and ensemble experience; construction and performance of major scales in one octave, major triads and their inversions, simple cadences; the creation of acceptable tone; attack upon rhythmical problems growing out of the student's individual need.

One 1/2-hour private lesson and a minimum of four hours practice per week, both semesters. One credit each semester.

2—ELEMENTARY II—Elective.

A course for students who are ready for second grade material includes the following: Construction and performance of major and minor scales and arpeggios; exercises to assure adequate technique for playing the easier works of classic, romantic and modern composers; sight-reading and ensemble work.

One 1/2-hour private lesson and a minimum of four hours practice per week, both semesters. One credit each semester.

3—INTERMEDIATE—Elective.

A course for students who have completed elementary requirements includes the following: Performance of major and minor scales, major and minor arpeggios in rhythms; exercises for the development of various touches, including legato, staccato, half-staccato and leggiero; selections from the composers of classic, romantic and modern periods.

Two 1/2-hour private lessons and a minimum of six hours practice per week, both semesters.

Two credits each semester.

4—ADVANCED—Elective.

A course for students who have completed intermediate piano requirements includes the following: Major and minor scales in octaves, thirds, sixths, and tenths; tonic arpeggios, dominant and diminished seventh arpeggios in all positions; exercises as needed to maintain and improve pianistic touches, as stated above; appropriately difficult works from the pens of masters of the classic, romantic and modern schools; sight-reading and ensemble.

Two 1/2-hour private lessons and a minimum of six hours practice per week, both semesters.

Two credits each semester.

Organ

Lessons are offered on Hammond organ, and students are classified and credited exactly like those in piano. Materials used include beginner's method books, studies in pedal phrasing, and compositions, sonatas, and suites of classic, romantic, and modern schools. Training and experience is given in hymn playing, accompanying soloists, transcribing piano scores for organ, and experimenting with and creating new registrations.

Voice

Training is given in the fundamentals of voice culture, such as breath control, resonance, tone quality, diction, and flexibility. Students are placed in one of the four following classes after an audition.

1—ELEMENTARY I—Elective.

Vocal study for beginners. The fundamentals of voice are approached through the song itself. Vocalise is used to develop inadequacies as they present themselves in the composition. Considerable use of folk song.

One 1/2-half hour lesson per week and a minimum of four hours practice per week, both semesters.

One credit each semester.

2—ELEMENTARY II—Elective.

A continuation of Elementary I with emphasis on advanced songs in English and Italian.

One 1/2-hour lesson per week and a minimum of four hours practice per week, both semesters. One credit each semester.

3—INTERMEDIATE—Elective.

Open to students with previous training and experience in performance. English, Italian, and German lieder. Study in oratorio repertoire.

One 1/2-hour lesson per week and a minimum of four hours practice per week, both semesters. One credit each semester.

4—ADVANCED—Elective.

Open to students with exceptional ability in voice and musicianship. Full repertoire, readings in voice culture, and instruction in advanced theory.

One 1/2-hour lesson per week and a minimum of four hours practice per week, both semesters. One credit each semester.

Choir

This organization is open to all students upon the passing of a voice and musicianship audition. It provides opportunity for training in ensemble singing and aims to cultivate a taste for the best in a capella literature. Frequent public appearances, including an annual Spring Tour, afford opportunity for musical expression. Regular meetings are held three hours a week. Special rehearsals are required prior to all public appearances.

Chapel Singers

Twelve singers are selected annually from the Choir to lead the music in chapel services, sing occasionally in churches, broadcast, and give concerts in neighboring towns. The group meets regularly one hour per week.

Drama

The courses in Drama have been designed to let the student progress as swiftly as her ability and development will permit. She may test out of a course and go into an advanced course if she can meet certain requirements. She will not, however, be allowed to take work beyond her capacity, nor will she be able to change courses in the middle of a semester. At the beginning of each semester, she will be tested to see

in which group she should be placed. This method will insure thorough fundamental training in all phases of theatre work, and will enable the student to enter a university or professional dramatic school without the handicap of inadequate training.

1a—VOICE AND PANTOMIME—Elective.

This course is designed for the student of acting who has had no formal training, and for the student who is found to be deficient in either the use of her voice or of her body. Thorough training in voice development, and in body control and coordination will be given. A pleasing voice and a graceful body are the goals.

Two hours per week, first semester.

Two credits.

1b—ELEMENTARY ACTING—Elective.

This course, which is a continuation of Drama 1a, is divided into two sections. In both sections the fundamental techniques acquired in the first course will be practiced and perfected through the study and presentation of short dramatic scenes and one-act plays. The second section has been planned for the student who has completed the work in Drama 1a and who shows unusual ability. Scenes from more advanced drama will be studied and prepared for presentation. Students of both sections will participate in the one-act plays given by the Play Production students in the spring.

Two hours per week, second semester.

Two credits.

2—PLAY PRODUCTION—Elective.

This course is open to any student who is interested in the production side of theatre. Scene design, lighting, costuming, make-up, publicity and other phases of theatre work will be studied. The student will receive practical experience through working on dramatic performances throughout the year. The second semester will include the preparation and presentation of one-act plays which will be given in competition at the end of the semester. Fifteen hours of lab work each semester will be required.

Two hours per week, both semesters.

Two credits each semester.

3—ADVANCED ACTING—Elective.

This course is designed for the students of exceptional ability and progress. Each student chooses her own material and adapts it for public performance. Recitals are given frequently throughout the year.

One hour per week plus one hour private lesson per week, both semesters.

Two credits each semester.

THE PRACTICAL ARTS

Typing

Training in typing is an asset to any student. It may serve as a very real part of a student's general education and for a few it may develop into a vocation.

1a—BEGINNING TYPEWRITING—Elective.

Beginning typewriting includes the mastery of the keyboard by touch, the care of the typewriter, drills and tests for accuracy and speed, tabulation and arrangement of material, personal letters and an introduction to business letters.

Four hours per week, first semester.

Two credits.

1b—BEGINNING TYPEWRITING—Elective.

The second semester of beginning typewriting deals with personal and business typing. It consists of a study of business letters and of the most common business papers and their relation to actual business situations. Outlining and typing of term papers are also covered. Students are given an opportunity to further increase typing skill acquired in the first semester.

Four hours per week, second semester.

Two credits.

2a—INTERMEDIATE TYPEWRITING—Elective.

Intermediate typewriting is designed to improve the typewriting technique and machine operations developed in the first year and to apply these to the typing of personal work, business letters and tabulated material. Speed and accuracy tests are given weekly.

Four hours per week, first semester.

Two credits.

2b—ADVANCED TYPEWRITING—Elective.

Advanced typewriting is designed to increase typing accuracy and speed and to further improve typing techniques. Here the student cuts master ditto copies and stencils and learns how to operate the ditto and mimeograph. Typing is done from rough drafts and various legal forms are typed.

Four hours per week, second semester.

Two credits.

Business

1—BUSINESS ORGANIZATION AND OPERATION — Elective for upper division.

The purpose of this course is to develop general understanding of the economic principles underlying business organization and activities.

to develop sufficient knowledge and understanding of the organization and practices of business in order to deal with problems encountered by the individual in her daily living, and to develop, through a better understanding of the structure of business, valid standards of judgment, attitudes and habits in business life.

The work of the course is carried on through lectures, discussions, field trips and use of visual materials.

Three hours per week, both semesters. Three credits each semester.

Home Economics

The program of Home Economics is planned to give the student general information about the various phases of homemaking. It helps the student with her personal problems of dress and good grooming in order that she may clothe herself and her family more attractively. It teaches the student the sound nutritional principles underlying the wise choice and preparation of foods in order that she may maintain good health for herself and others. It helps her to plan, manage, and furnish her home.

For the purpose of creating a curriculum in all phases of homemaking, the work is united into a block of four courses, each of which runs continuously throughout the year. These courses are planned with some idea of sequence but they may be taken interchangeably by a student at any level without regard to which of the courses she has had previously.

1—GENERAL SURVEY OF HOMEMAKING—Elective for lower division.

This course includes some information about many matters pertaining to a girl, her home and the family which she hopes to have some day. There is a unit on her own personal grooming and dress; one on how to buy—whether it is food, clothing or household articles; one on food and nutrition in which she learns what foods to eat for health and how to cook them; and other units on child care, clothing-construction, and home nursing. The students cook special foods, make garments, visit a kindergarten, homes and stores and are shown movies on special subjects. Each girl prepares a notebook illustrating all the various phases of homemaking and including a topic on a home in a foreign country.

Four hours per week, both semesters. Four credits each semester.

2—FOODS AND NUTRITION—Elective for upper division.

This course includes a comprehensive study of each type of food, such as eggs, milk, cereals, meats, vegetables and fruits, and its value in the diet as well as in food preparation. In the beginning of the course the students prepare certain recipes illustrating the special characteristics of

these foods. Later in the course they demonstrate what they have learned on menu planning, food preparation, table setting, and the duties of the hostess. Once a month the foods class bakes cakes for the birthday tables in the dining room.

One class meeting and two 2-hour laboratory periods per week, both semesters. Three credits each semester.

3—TEXTILES AND CLOTHING—Elective for upper division.

Study of the problems of textiles and clothing directly affecting the consumer; study of fibers, materials, ready-to-wear garments, accessories, and house furnishings; special emphasis on suitability, serviceability, and care; a survey of the development of modern dress from historic costume; construction problems planned according to students' needs and abilities; study of the fundamental principles of line, design, and color, and the use and alteration of patterns which are necessary for the individual.

One class meeting and two 2-hour laboratory periods per week, both semesters. Three credits each semester.

4—MANAGING, FURNISHING AND DECORATING A HOME—Elective for upper division.

This course teaches the student the principles underlying the making and managing of a home for the welfare of all its members. The student learns how to choose the site for a home and the materials that are used in building a house. She learns how to finance the building, buying and operating of a house. She is given the opportunity of studying different types of equipment and furnishings in order to compare them as to the quality, advantages and disadvantages of the various makes. She learns how to apply the principles of art, color, form, proportion, and texture in creating an attractive home. The class periods are devoted to discussion, visits to child groups for study, visits to homes, field trips, movies depicting special aspects of home craft and lectures by specialists in the field of home care.

Three hours per week, both semesters. Three credits each semester.

STUDENT LIFE

RELIGIOUS

For the student at Frances Shimer College, religion is more than Bible courses and chapel services. It is an attitude of life which permeates the entire curriculum and which has as its goal the discovery of permanent, sustaining and satisfying values. The curriculum is so organized that it aids the student in making a religious adjustment to the realities of life and provides a foundation for a religious commitment. Religious literature and thought are taught as a part of our cultural heritage. Two chapel services a week are devoted to the unification of the student's religious experiences and the development of a worshipful attitude.

The purposes of the Young Women's Christian Association are to create and sustain a spirit of friendship on campus, to discover the true values of life and relate them to living, to grow in an understanding of God through Jesus, to become co-workers with God in building a better world, and to extend friendship beyond campus to include fellowship with peoples of all nations, races, and creeds.

SOCIAL

The educational aims subscribed to by the college include recognition of the idea that the whole life of the student is a unit. Under these circumstances the extra-curricular activities become second in importance only to the program of the curriculum. Social training is a part of college education. Both residential house life and student organizations and activities offer valuable training in social co-operation and in creative use of leisure.

The social atmosphere of the college is wholesomely democratic. Every student is expected to use and develop for the whole group whatever social gifts she may possess. Appropriate dress, a pleasing manner, poise, graciousness, ability to appear at ease before an audience, are as much a part of the Shimer social ideal as are scholastic attainments.

With the assistance of class counselors the students give class parties, dances, bazaars, teas, lawn fetes, concerts, and plays; they plan menus, arrange decorations, devise costumes and stage properties. A series of formal dinners sponsored by student organizations provides opportunity for each group to entertain the student body and faculty, and to introduce visitors and speakers. Three formal dances and two informal dances are given during the year. The college sponsors a program of week-end

activities providing entertainment and social occasions throughout the academic year.

While students reside in halls according to their age and academic class, at table they often sit with members of other classes and with faculty members. Table groups are disbanded and redistributed, so that each Shimer student, in the course of the school year, forms a maximum number of pleasant social acquaintances with students and faculty members outside her immediate residential group.

Each residence hall provides social rooms and parlors in which the social life of the house group can be developed and can include the proper entertainment of guests. Thus every aspect of mature social life is reflected within the college community, and every student is enabled to share in the social experiences common to educated people.

CULTURAL

The college sponsors a program of concerts, lectures, recitals, and conferences throughout the academic year. These occasions bring to the college and the community leaders in education, the arts, religion, and public life. Formal presentations in Metcalf Hall or the auditorium of the gymnasium are followed by smaller informal group discussions in the student lounge of West Hall or in other college rooms.

Frances Shimer is close to the larger cultural resources of Chicago. College-sponsored trips, under faculty supervision, enable students to visit Chicago's museums, see current plays, attend concerts, or be present at events of interest to a specific group.

Frances Shimer has for many years, however, prided itself upon the creative activity within the college denoting the cultural resourcefulness of its students. It has consistently encouraged the creative instinct in whatever direction the students choose to turn; the theater, music, painting and drawing, and creative writing have been liberally encouraged by the college administration, which in turn has been rewarded by the unusual quality of the students' response.

RECREATION AND PHYSICAL WELFARE

Few institutions are equipped to offer so complete a recreational program as Frances Shimer. In addition to the cultural resources for recreation already mentioned, the college maintains physical education equipment which is both modern and ideal.

The gymnasium houses a full-sized playing floor with a standard basketball court adaptable to a variety of other indoor games such as volleyball, indoor baseball and badminton. It is used also by dancing classes

and for large dances. It provides, in addition, the tile swimming pool, showers, drying, locker and dressing rooms.

A nine-hole golf course, the private property of the college, adjoins the south end of the quadrangle. A playing field provides space for hockey and baseball. Three excellent concrete tennis courts were constructed in 1943.

Ideal facilities for riding are provided exclusively for Frances Shimer students at Glengarry Farm Stables, located two miles west of the school. There are ten miles of wooded trails and many miles of lovely country roads.

Campus conditions have been designed to safeguard the health of students. All students have physical examinations on entering; records of weight, posture, and other physical data are kept, and the work in physical education is planned for the individual student on the basis of these records.

A resident nurse is in charge of the infirmary and carries on an educational program in the maintenance of good health. She is on duty at all times and is available to students day and night. When the attentions of a physician are necessary, appointments are made by the nurse and the student assumes the expense.

STUDENT ORGANIZATIONS

STUDENT GOVERNING BODIES

Student-Faculty Organization

Students are governed by the Student-Faculty Organization. The policy-making and discussion group is the Council on Student Affairs, which is composed of officers elected by the student body, representatives from all student organizations, and a representative from the faculty. The Residence Affairs Committee, which is made up of the officers of the Student-Faculty Organization, the presidents of Hall Councils and two faculty representatives, considers questions of conduct which have been referred to it by the Hall Councils. The Dean of Students is a member ex-officio of the Councils and Committees of the Student-Faculty Organization.

Hall Councils

Each residence hall is governed by a Hall Council of five members, elected by the residents of the Hall. The Hall Counselors are members ex officio of their respective Councils. The Councils enforce the decisions of the Student-Faculty Council and provide any further regulation desired in their respective Halls.

HONORARY ORGANIZATIONS

Phi Theta Kappa

The Beta Sigma chapter of Phi Theta Kappa, national junior college scholastic honorary society, was installed at Frances Shimer College in 1932. Membership in the society is limited to the ten per cent of the student body of the upper division ranking highest in scholarship.

Delta Psi Omega

Delta Psi Omega, national honorary dramatic society, upholds high standards in scholastic and dramatic endeavor by initiating into its membership only those students who have done outstanding and efficient work in playwriting, acting, or production. Through their connection with other chapters of the national society, club members are encouraged toward greater effort and toward the production of higher types of plays at Frances Shimer.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. encourages social life among the students, takes charge of vespers and chapel services occasionally, and seeks in various ways to stimulate religious interest and interest in philanthropic work. The organization sends delegates to the Y. W. C. A. conferences and otherwise endeavors to widen the scope of its interests in accordance with the Y. W. C. A. program.

SPECIAL INTEREST ORGANIZATIONS

Art Club

The Art Club is open to students in Art History, Fine Arts and Graphic Arts, and to a limited number of students interested in art but not enrolled in art courses. The organization cooperates with the Commission of the Dickerson Art Gallery in procuring and arranging exhibits and in stimulating interest in the aims and activities of the gallery. Study of contemporary art, visits to art collections, and trips to studios and art centers are included in the program of the Club.

The Club also seeks to develop skills and give resources that will enable the student to make worthy and happy use of leisure. Equipment maintained in the studio provides opportunity to pursue a worthwhile craft or hobby.

Athletic Association

The Athletic Association, working in close cooperation with the Physical Education Department, seeks to arouse greater interest in physical education, to stress the enjoyment of sports and athletics, and to develop sportsmanship. The Association sponsors the inter-class hockey game; a class basketball tournament; the basketball banquet; a bob-ride; five- and ten-mile hikes; the May Fete; golf and tennis tournaments, and swimming meets.

Camera Club

The Camera Club affords a means of self-expression, as well as entertainment, for interested students. Both the technical and artistic phases of photography are studied and many members develop and print their own pictures in the school dark-room. Various contests are held throughout the year to obtain prints for the annual exhibit in the spring.

Green Curtain Dramatic Club

The Green Curtain Dramatic Club, founded in 1928, is open to all students who qualify in the tryouts held early in the fall. The club presents two major productions each year. In recent years, *The King's Henchman*, *Letters to Lucerne*, *Elizabeth the Queen*, *Ask for Me Tomorrow* and *Romeo and Juliet* have been given. Performances of the plays are frequently given in nearby cities as well as on the campus. The members of the club also appear in the Christmas and Easter pageants, the Parents' Day Show, the May Fete and other dramatic performances.

Sponsoring special trips to Chicago and other nearby cities to visit the theatre, the Club seeks to promote appreciation of the best in drama and in the creative arts of the theatre.

International Relations Club

The International Relations Club, open to all students of the college, aims at the development of an understanding of international affairs and an appreciation of the customs, achievements, and aspirations of the various peoples of the world. Its activities include regular monthly meetings, the operation of an international news bulletin board, the sponsorship of guest speakers, and attendance at international relations conferences held at other colleges.

Pro Musica

Pro Musica Club, composed of a limited number of talented music students, meets monthly for a concert given by members, followed by a business meeting and social hour. The organization acts as host to visiting musicians and seeks to foster the love of good music. Membership is by try-out under the supervision of the music faculty.

Boots and Saddle Club

Boots and Saddle Club is organized for students interested in better equitation. The Club holds monthly meetings for study of types of saddle horses and nationally known horses of the show ring. In addition to sleigh rides and hayrack parties, the Club sponsors a trip to the International Livestock Exposition in Chicago, the annual spring horse show and many interesting trail rides.

Student Publications

The *Record* is the student annual. The *Scampus*, a duplicated newspaper, appears weekly.

The management of these publications is in the hands of students with faculty advisors.

Home Economics Club

The Department of Home Economics sponsors a club called the "Sarah Hostetter Home Economics Club." It is affiliated with both state and national Home Economics Associations. The club sends delegates to the state conventions in the fall and to the National Province meeting in Chicago in February. Membership is restricted to those who take one or more courses in Home Economics. The club sponsors one outside speaker each year and participates in one trip to some point of special interest to a homemaking group.

STUDENT REGULATIONS

Residence halls—Students from out of town are required in all cases, unless residing with near relatives, to occupy rooms in the residence halls. Students living on the campus avoid many distractions, come into close contact with the life of the college, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance. Not infrequently the best and most lasting results of school life are derived from its associations.

Students are required to care for their own rooms. On days when classes are in session the rooms must be clean and in order by nine o'clock. Students whose housekeeping habits are unsatisfactory may be asked to give some of their free time for instruction by the hall counselor in dormitory housekeeping.

As a precaution against fire, the use of matches, candles and electrical devices is prohibited in students' rooms. Electric plate and irons are provided at convenient places.

Rooms are furnished with single beds (3 feet x 6 feet 3 inches), pillows (20 inches wide), chairs, study tables, chest of drawers, and window shades. The windows are six feet six inches by four feet; the tops of the chest of drawers 38 x 19 inches. Students furnish rugs (two feet by six is a convenient size), bedding including a mattress pad, curtains, towels, cup, fork, and spoon (for use at spreads and picnics). It is also recommended that they provide themselves with a hot-water bottle, and heavy walking shoes.

Laundry—Clothing which is to be sent to the college laundry should be plain and should be marked by means of name tapes bearing the full name, not the initials only. These may be ordered through the bookstore at any time and the cost charged to the student's bookstore account. Heavy white laundry bags should be used.

Absences—Students are expected to attend all classes and such school exercises which may be "required." Parents are requested not to ask that their daughters be excused before the work is entirely completed at vacations. The full work continues to the hour of closing, and full work begins at the hour of opening after winter and spring vacations.

Under no conditions may a student leave town without first obtaining permission from the Dean of Students. Such a permission is only given

GYMNASIUM

SWIMMING POOL

when the absence has been previously authorized by the parents directly to the Dean of Students. Two week-end absences per semester are allowed. A request written directly to the Dean by the parents must precede any week-end permission.

Guests—Parents who come to inspect the college, or who bring their daughters, are particularly welcome. A moderate charge is made for meals. When notified in advance, arrangements will be made for the entertainment of friends of students in the village for not more than three days at one time. *Students are not excused from any regular school duty because of guests.*

Telephones—Two pay telephones, one in McKee Hall and one in Hathaway Hall, are provided for the use of students. It is requested that calls to students be made, whenever possible, during recreation hours. Students will not be called from classes or other academic appointments to answer the telephone. Communications by telegraph are subject to the approval of the Dean of Students.

Express and telegrams—All express and telegrams should be sent in care of the college and should be prepaid to avoid delay.

Special Permissions—Special requests for permissions of any kind should come from the parent directly to the Dean of Students, not through the student. Until written request has been made to the Dean and direct answer has been received, parents should not consent to students' requests which involve suspension of college regulations.

Secret Societies—All secret societies are forbidden.

A complete statement regarding student regulations can be found in "Student Handbook" prepared by the Student-Faculty Council. Each student is provided with a handbook.

LOCATION AND EQUIPMENT

Mount Carroll, a town of 2,000 people, situated in northwestern Illinois, ten miles from the Mississippi river, is attractively located among picturesque hills. The neighborhood is justly celebrated for its beauty and healthfulness. The canyons formed by the erosion of the Waukarusa River are the scene of many picnics and outings and the objective of many hikes and camping expeditions. Mount Carroll is the county seat of Carroll County and is exclusively a place of residence. The absence of mines, factories, or great industrial enterprises makes the community an ideal one for an educational institution of this type.

Mount Carroll is on the Omaha Division of the Chicago, Milwaukee, St. Paul & Pacific Railway, one hundred and twenty-eight miles west of Chicago. It is accessible, also, by automobile over Federal Highway 52 and State Highways 64, 72, 78 and 88, by which excellent connections over paved roads are made with the Lincoln Highway and other great thoroughfares. Paved highways lead to urban centers in five different directions.

Frances Shimer College has the advantage of over ninety-six years of history, experience, and traditions; yet its equipment is entirely modern, having been rebuilt and enlarged since 1903. The plant consists of twelve main buildings, solidly constructed of brick and stone, heated by steam from a central plant. The architecture is colonial. Each building was erected and equipped for the purpose it serves in the educational program of the institution. Adequate fire protection is provided by standpipes with hose connections on each floor and by fire escapes on every large building where students reside.

DEARBORN HALL

(1903)

This building for instrumental and vocal music is named for Mrs. Isabel Dearborn Hazzen, head of the Department of Music for more than twenty years. It contains large, attractively furnished teaching studios and eighteen well-lighted and ventilated practice rooms.

HATHAWAY HALL

(1905)

Hathaway Hall was named for Mrs. Mary L. Hathaway Corbett, '69, a sister of Mrs. Hattie H. LePelley, a former trustee, who gave liberally

toward the erection and furnishing of the building. The campus grill is on the ground floor. Through the generosity of Miss Zella Corbett, the lounge on the first floor was refurnished in 1939 in memory of her sister, Miss Bertha Corbett, '16. This dormitory provides space for thirty-eight students and two staff members.

WEST HALL (1906)

West Hall is a well-equipped home for forty-nine students and two staff members. On the ground floor is a large, homelike common room, with fireplace, that is a favorite gathering place for all students. A faculty social room is also on the ground floor. In 1945 an entrance was constructed between West Hall and McKee Hall, for the post office and book store.

METCALF HALL (1907)

The building is named in honor of Mrs. Sarah Metcalf, a life-long friend of the school, whose son, Dr. Henry S. Metcalf, was long president of the Board of Trustees. Andrew Carnegie contributed \$10,000 toward the erection of this building. Metcalf Hall contains the offices of administration, class rooms, and the auditorium. In the auditorium is a new Hammond organ contributed in 1946 by Mrs. Annabel Culver Joy as a memorial to Dr. Raymond Culver, third president of the college.

POWER PLANT AND LAUNDRY (1911)

INFIRMARY (1913)

This building affords excellent equipment for the care of students in case of illness. It contains a nurse's business office, two completely equipped, well-lighted and ventilated wards with a capacity of ten beds, bathrooms, two private rooms, and a kitchenette. A nurse is in constant residence.

SCIENCE HALL (1914)

This provides all of the facilities for the work in science. The first floor contains modern laboratories for the work in home economics. On the second floor are the physics, chemistry, and biology laboratories, and a class room.

McKEE HALL
(1922)

McKee Hall was built by funds contributed by the Baptist Board of Education. The ground floor contains the central dining room which was entirely reconditioned and refurnished in 1938 through the generosity of Mr. and Mrs. W. E. Goodman of Chicago. The other floors have a kitchenette, ample bathrooms, and rooms for fifty-eight students and two staff members. This building is named for William Parker McKee in honor of his completion of twenty-five years of service as President. The college kitchen, which adjoins McKee Hall, was completely rebuilt in 1946.

CAMPBELL LIBRARY
(1925)

The library was erected by funds furnished in part by Mr. George D. Campbell and Mr. S. J. Campbell of the Board of Trustees, and by Miss Jessie M. Campbell, '07. The college is also indebted to Senator William McKinley for a gift of \$5,000 for this building. It is named in honor of Mr. and Mrs. Robert Campbell, long friends of the institution.

In 1937 the Carnegie Corporation of New York made a grant of \$1,500 for the general reading collection of the library, purchases being made over a three-year period. The equipment of the main reading room, occupying the entire first floor, was increased in 1939 and 1940 by the gifts of Mr. and Mrs. S. J. Campbell.

In the south room on the second floor is the Heinze Music Room, which contains the Carnegie Music set received in December, 1940. This set now is a collection of over 1,000 records of fine music and a specially designed Lyon and Healy phonograph. The records are fully indexed and filed in the listening room where they are available for student and faculty use. The center room on the second floor houses the Carnegie Art set which was received in 1941. This set includes 130 volumes on art and related subjects and 900 classified reproductions. The north room is used for art exhibits.

Open shelves in the main reading room and basement stacks care for the present collection of approximately 14,000 volumes, files of magazines, pamphlets, government documents, and bulletins. The entire collection is well cataloged. Through the services of the librarian and faculty, the resources of the library are strengthened and utilized to serve all phases of the college program.

The Hazzen Memorial Collection consisting of over 1,000 volumes was contributed by Mrs. Isabel Dearborn Hazzen from the library of her husband, Henry Wilmarth Hazzen, long a teacher in the college. The Hazzen Endowment provides for the development of the collection. Another valuable addition of books received during 1925 was the collection given by Mrs. Winona Branch Sawyer, '71, of Lincoln, Nebraska. In 1937 Miss Jessie M. Campbell presented one hundred selected volumes from her library.

SAWYER HOUSE (1926)

Sawyer House, a commodious home for the president, was the gift of Mrs. Winona Branch Sawyer, '71. It is built in the colonial style of architecture in harmony with the other buildings of the campus.

GYMNASIUM (1929)

The building contains on the first floor a tile-lined swimming pool, 25x60 feet, and showers, dressing rooms, drying-room, lockers, and modern facilities for the refiltration and purification of the water in the pool.

On the upper floor is the gymnasium floor, the office of the Director of Physical Education, examination rooms, equipment and cloak rooms, with additional showers, dressing rooms, and lockers. The main room, 52x87 feet, gives ample space for all indoor games and all types of gymnastic work. At the south end of the room is an elevated stage with curtain, cyclorama setting, and a well-appointed, modern system of lighting for the work of the Department of Speech and Drama.

BENNETT HALL (1937)

In 1937 College Hall, which was built in 1909, was entirely reconditioned and refurnished through the generous gift of the children of Myrtie Stevens Bennett, '80, for whom the new dormitory has been named. The first floor contains two reception rooms, three suites accommodating four students each, a student's kitchenette, and the hall counselor's apartment. In 1945 the fourth floor was entirely remodelled to provide space for additional students; this dormitory now accommodates sixty-five students and two staff members.

RINEWALT HOUSE (1944)

This home was purchased to provide apartments for two families.

HOFFMAN HOUSE (1946)

This residence, outside the main north gate of the college, was purchased and remodelled to provide two apartments for faculty families.

ASHBY HOUSE (1947)

This residence was purchased and remodelled into three apartments

EXPENSES

COLLEGE FEES

Tuition, board and room for the scholastic year.....	\$1,150.00
Tuition for day students for the scholastic year.....	300.00

The fee of \$1,150.00 includes the charge for academic instruction, board, room and laundry (up to seventy-five cents per week). It also covers special class work and private lessons in any one of the following courses: piano, organ, voice or speech. It includes the use of the golf course, tennis courts and swimming pool. In addition, the facilities of the college infirmary are available at no charge to resident students. This includes the services of the nurse, and common remedies appropriately dispensed by a nurse without a physician's prescription, the dressing and treatment of infections, bruises and wounds, and infirmary service in case of illness. Fees of physicians called in for diagnosis and treatment are paid by the student. Cost of X-rays, ambulance charges and expenses of trips to hospitals or to consult out-of-town physicians are also paid by the student.

Normally a dormitory room accommodates two students. Single room, when available, may be assigned upon request. A charge of thirty dollars per semester is made for single rooms or suite rooms except for certain rooms in West Hall and Bennett Hall. Double rooms may not be held as single rooms.

There are no special fees for regularly elected courses described in the catalog or for many other services provided by the college. However, if a student elects to receive private instruction in more than one course, a fee of \$100.00 per school year will be charged for each additional private instruction course. Private instruction is offered in piano, organ, voice and speech. A fee of \$10.00 per semester will be charged for organ practice.

All club and class dues, admissions to lectures, recitals, athletic events, dramatic productions and special events held on the campus, student publications, year book, diploma fees, etc. are included in one activity fee of \$35.00 per year for resident students, and \$15.00 for the limited amount of activity available for day students.

The fee for riding is not included in the above fees. It should be paid to the director of Glengarry Farm Stables. This fee is \$100.00 per semester or \$180.00 for the school year if paid in advance.

When mid-semester tests are taken before or after the time scheduled, a special fee of \$5.00 is charged for each test; the special fee for a final examination is \$10.00.

TERMS OF PAYMENT

Resident Students. In order that dormitory space may be reserved for a student, a deposit of \$20.00 is required upon application for admission. This deposit is refunded if a student is denied admission or withdraws before July 1 prior to the opening of the school term in September. If application is made after July 1, refund will be made only in the event of refusal of admission.

The \$20.00 deposit is not applied against tuition payments but is held as a breakage and damage deposit until the end of the school year, at which time a refund will be made in the amount of the deposit less any unpaid charges.

Tuition and fees are due as follows:

First Semester:

July 1, 1950, not refundable.....	\$100.00
September 1, 1950.....	625.00
Total, First Semester.....	<u>\$725.00</u>

Second Semester:

January 1, 1951.....	\$460.00
----------------------	----------

The above includes \$25.00 activity fee for first semester and \$10.00 for second semester.

For students entering the second semester the fee is \$600.00 plus \$17.50 activity fee, payable upon registration.

Day Students. Tuition and fees are due as follows:

First Semester:

September 1, 1950.....	\$157.50
------------------------	----------

Second Semester:

January 1, 1951.....	157.50
----------------------	--------

The above includes \$7.50 activity fee for each semester.

This includes academic instruction and items covered by activity fee. Special services such as laundry and infirmary are not covered. One course with private instruction may be taken without additional charge.

Non-payment of accounts. All fees are payable on or before the due dates specified. No reports, statements of scholastic standing, transcripts or diplomas will be issued until all accounts of whatever character have been settled in full.

Installment accounts. If financial circumstances require that tuition accounts be paid in installments, definite arrangements must be made with the business office before the due date of such tuition.

MISCELLANEOUS EXPENSES

The college bookstore stocks a supply of all books, supplies, and stationery, and in addition keeps for sale toilet goods and articles commonly required by students. Students may pay cash or maintain a charge account. Periodically a statement will be sent to parents covering bookstore charges, telephone tolls, telegrams, guest charges, excess laundry, etc. and is due on presentation. The store has for sale a well arranged account book with perforated monthly expense summaries which may be detached and sent to parents. It is recommended that parents require the keeping of such an account and by this means encourage accurate justification of all expenditures.

Extravagance in the use of money is discouraged. Parents are urged to give their daughters a reasonable monthly allowance. Banking facilities are furnished by the business office for the benefit of student depositors.

REFUNDS FOR WITHDRAWAL

All services and facilities are necessarily arranged on the basis of a full scholastic year. Therefore no refund in any amount will be granted to students who withdraw voluntarily or upon request of the administration.

It is the practice, however, to make some concession when illness, as certified in advance of withdrawal by a physician's written statement, requires a student to leave school for the remaining portion of a semester. No refund, however, will be made for withdrawal on or after December 1 in the first semester or during the last six weeks of the second semester.

Written notice of intention to withdraw at the end of the first semester must be filed with the dean of the college and the business office before January 1, 1951. The second semester fee is due and payable on that date. Fixed charges of operation for the full scholastic year demand careful attention to this regulation.

STUDENT SERVICE

Various opportunities for student service are available. The most remunerative and least time-consuming are those involving table service in the dining room and in the grill. Students are also employed in the library, infirmary, in the physical education department and for general clerical work in various departments and in the administrative offices. An employment application form will be sent on request.

REMISSIONS

Remission of fees for full-time resident students will be granted as follows:

Any student whose parent is actively engaged as a minister or an educator will be granted a reduction of \$100 a year.

For the purpose of assisting worthy students, a reduction of \$100 a year is offered to a student whose father is not living and whose mother is dependent upon herself for support.

Application blanks will be furnished on request.

ENDOWED SCHOLARSHIP FUNDS

Hattie Hathaway Scholarship

In 1918 the will of Mrs. Hattie Hathaway LePelley, of Freeport, Illinois, for many years a trustee of the college, provided "\$10,000 for a Hattie Hathaway Scholarship." The present value of this fund is \$11,410.51. The estimated annual income from this fund is \$585.00.

Dearborn-Anne McKnight Scholarship

This endowed scholarship was established in 1943 by a gift from Mr. and Mrs. W. A. McKnight, of Aurora. The principal of the fund is \$4,582.68. It provides an annual scholarship of \$200 to a student in vocal music adjudged to show the greatest promise.

The Jessie Hall Miles Scholarship

In 1945 Mr. J. H. Miles deposited with the college the sum of \$2000 in U. S. Government Bonds, representing the principal of a student aid fund that was administered by Mrs. Miles for many years as a means of helping students to attend the college. The present value of the fund is \$2,416.13 and the estimated annual income is \$124.00.

Mary Jane Board Scholarship

This endowed scholarship was provided in 1945 under the will of Gertrude D. Board in memory of her mother. It was a bequest of \$1500 "to establish a scholarship, which shall be known as the Mary Jane Board Scholarship." The present value of the fund is \$1,676.92. The approximate annual income is \$86.00.

Retta Tomlinson Scholarship

In 1945 Miss Lillian M. Tomlinson established this scholarship in memory of her sister. The will specified "the sum of \$2000 to be invested and called the Retta Tomlinson Scholarship. The income from said fund shall be used for worthy students who have received their preliminary education in the city of Mount Carroll, Illinois." The present value of the fund is \$2,235.89. The income available each year is approximately \$115.00.

SPECIAL ENDOWMENT FUNDS

Lectureship Fund

In 1914 Mrs. Susan E. Rosenberger and husband, Jesse L. Rosenberger, of Chicago, endowed the "Susan C. Colver Lectures" in memory of Mrs. Rosenberger's mother. Each year a special lecture is provided by the income from this fund. The present value of the fund is \$1,141.05. The approximate annual income is \$59.00.

The Dickerson Art Gallery Fund

In 1930 J. Spencer Dickerson, a former trustee, bequeathed a sum of \$1,000 to be used "in such manner and for such purposes as the Board of Trustees thereof may from time to time determine." The Board of Trustees later designated this gift as an endowed fund, the income to be used for the Dickerson Art Gallery. The value of the fund is now \$1,141.05, and the approximate annual income is \$59.00.

The expenditure of this income is administered by the Dickerson Art Commission. This commission for 1949-50 is composed of the following members: Blendon Kneale, Chairman; A. Beth Hostetter, Ileen B. Campbell, Augusta Stenquist, Magda Glatter, Carolyn Piper, Lois Laughlin.

Dr. George R. Moore Memorial Fund

In 1945 Dr. Blanche Moore Haines, of Three Rivers, Michigan, bequeathed \$20,000 "to be known as the Dr. George R. Moore Memorial Fund and shall be used to improve and promote the teaching of sciences." The original fund, after payment of state inheritance taxes, was \$18,100. The present value is \$20,234.78, and the estimated annual income is \$1,037.00.

SCHOLARSHIPS

A merit scholarship is available to a student whose grades place her approximately in the upper 10 per cent of her class and who is recommended by the principal or superintendent of the school from which she is transferred. A student receiving such a scholarship is expected to maintain a grade average of B. Failure to do so results in the forfeiture of the scholarship.

A limited number of scholarships are granted to students who have displayed unusual proficiency in the fields of art, drama, and music. The amount of the scholarship will be determined by the committee on scholarships after study of the applicant's qualifications. The maximum value of a fine arts scholarship is \$200; it is granted for one year at a time. An applicant must rank in the upper one-third of her class. Try-outs in music (piano, voice, violin, and cello) and drama (public speaking and dramatic art) are held in various cities and at the college. Applicants for scholarships in art (drawing, water color and oil painting) must submit samples of their work direct to the head of the art department.

To recognize and reward high scholastic and personal achievement and to give assistance to worthy students who otherwise could not attend college, the trustees have established a special fund to be used for this purpose.

Application blanks for the above scholarships will be sent on request.

Honor Scholarships

A SENIOR SCHOLARSHIP, amounting to \$150.00, may be granted in recognition of outstanding mental and personal qualities to a Frances Shimer student who has completed the work of the junior year.

TWO LOWER DIVISION SCHOLARSHIPS, amounting to \$300.00 each, may be granted, on recommendation of the faculty, to Frances Shimer students who have completed the work of the lower division. The scholarships are payable \$150.00 per year. These scholarships are given in recognition of the personal qualities and scholastic abilities of the two students.

The Chicago Alumnae Scholarship

The two chapters of the Chicago Alumnae Group award an annual scholarship of \$150.00 to a senior who has been outstanding in scholarship, student activities, and personal qualities.

The National Alumnae Scholarship

The National Alumnae Scholarship of \$300.00 is awarded to a student already enrolled in the College. This scholarship is awarded on the basis of need to a girl of strong character with a good academic record and other personal traits that make her a valuable member of the student body.

PRIZES AND AWARDS

Announced During the Commencement Exercises
June 5, 1949

The Elizabeth Percy Konrad Trophy for excellence in English was first presented in 1926. The name of the student in the Upper Division graduating class who does the best work in English for the year, as recommended by a committee appointed for the purpose, is engraved on a large silver cup. Since the original cup now has its band filled with the names of twenty girls, Mrs. Konrad, one of our alumnae, has generously given a second cup which will be kept in a prominent place in the college library.

Diane Wales, St. Charles, Illinois

The James Spencer Dickerson Prize of \$10.00 is awarded by the Dickerson Art Club to the student who made the most progress during the year in drawing and painting.

Carolyn Piper, Madison, Wisconsin

The Art Club Award is presented for excellence in creative expression in the graphic arts.

Janet Laven, South Bend, Indiana

The Jessie Miles Campbell Prize of \$10.00 is given each year to the College Sophomore who ranked highest in the Sophomore Testing Program. This battery of tests is given annually in about 80 colleges and is standardized on the tests of 4,000 college students.

Margaret Page Hunter, Earlham, Iowa

The Ileen Bullis Campbell Prize of \$10.00 is an annual award for excellence in the field of history.

Margaret Zimmerman, Monticello, Iowa

The Samuel James Campbell Trophy is awarded to the best athlete of the year. It is granted to a member of the graduating classes who has been active in at least four major sports and who has consistently shown high ideals of sportsmanship.

Janet Laven, South Bend, Indiana

The Anne McKnight Vocal Prize of \$15.00 is presented each year to the student who has made the most progress in singing.

Frances Ruth Winslow, Orange, New Jersey

The honor of having her name engraved on the Pro Musica Shield which hangs in Dearborn Hall is given this year to one member of the club for:

Excellence in voice.

Mary Lou Council, Aurora, Illinois

Excellence in organ.

Barbara Deischer, Hot Springs, South Dakota

Excellence in piano.

Beth Yorke, Norway, Michigan

The Schwing Piano Prize of \$10.00 is given each year to a student who has done excellent work in piano.

Elsie Yamamoto, Chicago, Illinois

Two Dramatic Club Prizes of \$10.00 each are awarded this year. The names of the winners, selected by a joint committee of faculty and dramatic club members, are engraved on the silver plaque which hangs in the speech room.

Excellence in play production.

Janet Laven, South Bend, Indiana

Excellence in acting.

Bette Alice Lerch, Delafield, Wisconsin

The Martha Barnhart Hoffman Prize of \$10.00 is awarded to the student who does the best work in interpretative reading.

Shirley Swanson, Rockford, Illinois

The Frances Shimer Record presents a prize of \$10.00 to the student who has done the best work in creative writing.

Diane Wales, St. Charles, Illinois

The Phi Theta Kappa scholastic prize of \$10.00 is presented each year to the college junior who has had the highest scholastic standing for the year. Phi Theta Kappa is a National Junior College Honor Society established at Shimer in 1932.

Mary Jane Berkstresser, Mount Carroll, Illinois

The George F. Spinti Art Prize of \$10.00 is presented to the student who has been most proficient in the art of painting.

Pat Mervis, Barrington, Illinois

Two Lower Division Scholarships amounting to \$300.00 each.

Beverley Beadle, Atlantic, Iowa

Bette Alice Lerch, Delafield, Wisconsin

A Senior Scholarship amounting to \$150.00.

Diane Donels, Vinton, Iowa

The Chicago Alumnae Scholarship amounting to \$150.00.

Teruko Nakauchi, Chicago, Illinois

The National Alumnae Scholarship amounting to \$300.00.

Dixianna Berry, Anamosa, Iowa

SCIENCE HALL

GLENGARRY STABLES

CALENDAR OF MAJOR EVENTS (1949-1950)

SEPTEMBER

11-14	Orientation, Testing and Registration of students
14, Wednesday	Opening Convocation; Y.W.C.A. Tea
17, Saturday	Who's Who Party, Y.W.C.A.
18, Sunday	Organ Concert, Marjorie Jackson
24, Saturday	Picnic—Stunt Night
25, Sunday	Vespers, Merrill L. Hutchins

OCTOBER

2, Sunday	Vespers, Y.W.C.A.
9, Sunday	Piano Concert, John Sweeney III
16, Sunday	Art Lecture, A. Beth Hostetter
22, Saturday	Informal Dance—11th grade
23, Sunday	Travel Talk, Reynalda Carreno
30, Sunday	Vespers, William Weaver

NOVEMBER

5-6	Parents' Week End
6, Sunday	Piano Concert, Miriam Stewart, soprano
12, Saturday	Formal Dance—13th grade
19 and 21	Green Curtain Play—"Romeo and Juliet"
20, Sunday	Concert, Marie Pooler, Frank Pooler, and Virginia Tripp
23, Wednesday	Thanksgiving Vacation, 10:55 a.m.
28, Monday	Thanksgiving Vacation ends, 8:00 a.m.

DECEMBER

4, Sunday	Vespers, Winfred E. Garrison
10, Saturday	Y.W.C.A. Bazaar
11, Sunday	Student Speech Recital
15, Thursday	Christmas Party, Y.W.C.A.
16, Friday	Christmas Pageant
17, Saturday	Christmas Vacation begins

JANUARY

3, Tuesday	Christmas Vacation ends, 8:00 a.m.
8, Sunday	Vespers
15, Sunday	Conservatory Recital
21, Saturday	Faculty Play
23-27	Final Examinations
27, Friday	First Semester ends
30, Monday	Second Semester begins

FEBRUARY

5, Sunday	Religion in Life Conference begins
8, Wednesday	Vesper Service
9, Thursday	Big and Little Sister Banquet
10-19	Spring Air Tour—Mexico
12, Sunday	Harp Recital, Mrs. Neil J. Crawford
25, Saturday	Formal Dance—12th grade
26, Sunday	Piano Concert, Nina St. John

MARCH

5, Sunday	Vespers
11, Saturday	Basketball Finals
12, Sunday	Art Lecture
18, Saturday	Green Curtain Play
19, Sunday	Movies, Mrs. Charles R. Walgreen
26, Sunday	Choir Concert
30, Thursday	Choir Tour begins

APRIL

2, Sunday	Easter Pageant
6, Thursday	Spring Vacation begins
	Choir Tour ends
17, Monday	Spring Vacation ends, 8:00 a.m.
23, Sunday	Speech Recital, Jacqueline Kramer

ENDOWMENTS

Frances Shimer College is now undertaking a Development Program to enlarge its educational scope and resources. It appeals to friends to be mindful of the varied services which the college has rendered to the cause of the education of young women for a period now approaching a century.

Gifts and bequests for scholarships will aid worthy young women who are not wholly able financially to secure an education. A relatively small amount of money invested for such purposes makes returns far in excess of its market measure or value. The college welcomes the opportunity to become stewards of such funds, and to aid private individuals and friends to realize, in human satisfaction, the greatest rewards from their gifts.

FORM OF BEQUEST FOR ENDOWMENT

I give and bequeath to the Trustees of The Frances Shimer Academy of the University of Chicago, located at Mount Carroll, Carroll County, Illinois, the sum of \$ to be invested for the permanent endowment of the Academy.

FORM OF BEQUEST FOR SCHOLARSHIP

I give and bequeath to the Trustees of The Frances Shimer Academy of the University of Chicago, located at Mount Carroll, Carroll County, Illinois, the sum of \$ to be invested and called the Scholarship.

FORM OF BEQUEST FOR GENERAL PURPOSES

I bequeath to my executors the sum of dollars, in trust, to pay over the same days after my decease, to the person who, when the sum is payable, shall act as Treasurer of Frances Shimer Academy of the University of Chicago, located in Mount Carroll, Illinois, to be applied to the uses and purposes of said Institution as directed by its Trustees.

(This form may be used for bequests for endowment and scholarship purposes also.)
